PROFESSIONAL SUMMARY

Performance-driven Senior Instructional Design & QA Specialist with 6+ years of experience coordinating large-scale curriculum development and standardizing global learning programs. Specializes in designing high-capacity learning ecosystems and leading cross-functional creative teams. Mastered the production of 150+ multi-format courses (self-paced, live-online, face to face, blended), including scripting 200+ e-learning videos and producing 100+ interactive, gamified activities for formative and summative assessments. Standardized company-wide workflows by architecting 50+ development guidelines for teams of over 70 instructional designers and copywriters. Manages course QA frameworks, overseeing the quality compliance review of 600+ course assets monthly. Brings 4+ years of experience monitoring & scaling B2B, G2G, and private sector educational programs for 1,000+ teachers and students, utilizing ADDIE, SAM, Bloom's Taxonomy, and Kirkpatrick-based evaluation..

CORE COMPETENCIES

Instructional Design & Methodology: ADDIE, SAM, Bloom's Taxonomy, Gagne's 9 Events, Competency-Based Learning, Gamification

Assessment & Evaluation: Kirkpatrick Model, Theory of Change, Logical Framework (LogFrame), Needs Analysis, TNA, Assessment Design

Authoring & Digital Tools: Articulate 360 (Storyline & Rise), H5P, Canva, Moodle LMS, Kajabi, Lerero, HTML (basic)

Project & Program Management: End-to-End Program Design, Stakeholder Engagement, M&E Reporting, Cross-Sector Collaboration, Miro, Google Workspace

Quality Assurance: Instructional Auditing, QA Framework Design, Performance Benchmarking, Cambridge & Pearson Standards

AI & Emerging Tools: ChatGPT, Gemini, Perplexity, DeepSeek, Claude - AI-Assisted Content Development

PROFESSIONAL EXPERIENCE

Senior Instructional Design Quality Assurance Specialist | **The KPI Institute | Melbourne, Australia (Remote)** | November 2024 - Present

- Architected and prototyped 50+ course development guidelines - templates and structured prompts across face-to-face, live-online, self-paced, and blended formats - stress-testing each before deploying as production standard for 70+ instructional designers
- Delivered quality reviews for 600+ course assets monthly, ensuring all outputs met established instructional design standards and were deployment-ready across diverse delivery formats
- Designed a structured feedback framework adopted by 70+ instructional designers and copywriters, standardizing evidence-based developmental feedback across the entire course production pipeline
- Integrated QA results into the ID Performance Review process, developing performance templates and using assessment data to identify skill gaps and drive continuous professional development
- Collaborated cross-functionally with instructional design team, Subject Matter Experts (SMEs), and creative team to resolve systemic quality issues and maintained instructional design standards documentation aligned with industry best practices

TOEFL & IELTS Program Instructor & Learning Designer | **UIN Syarif Hidayatullah Jakarta | Jakarta, Indonesia (Hybrid)** | May 2026 - June 2026

- Designed a complete TOEFL and IELTS preparation program - including program plan, learning content, and assessments - for 200+ undergraduate students spanning multiple disciplines and language proficiency levels
- Delivered live online instruction via Zoom, integrating interactive gamification tools to boost student engagement, participation, and retention in a virtual classroom environment
- Applied learner-centered instructional design principles to develop content accessible to diverse adult learners with varying academic backgrounds and English proficiency levels
- Conducted individualized counseling sessions addressing students' affective and linguistic challenges in learning English as a Foreign Language (EFL), supporting learner confidence and persistence

Senior Instructional Design Specialist | The KPI Institute | Melbourne, Australia (Remote) | March 2022 - November 2024

- Designed and developed 150+ multi-modal courses for a global audience, managing end-to-end workflows with Research and QA teams to ensure 100% LMS-ready accuracy across all delivery formats
- Formulated course and learning objectives (CO/LO) for 120+ courses in collaboration with Subject Matter Experts (SMEs), applying ADDIE and Bloom's Taxonomy to align curriculum with organizational goals
- Scripted and storyboarded 200+ e-learning videos and produced 100+ interactive H5P activities with gamification and scenario-based exercises, translating research-based content into engaging instructional media
- Built 200+ multi-format assessments - diagnostic baselines, formative quizzes, and course surveys - strengthening learning measurement for 500+ learners across global cohorts
- Facilitated capacity building for 20+ instructional designers and copywriters through technical workshops and lead mentorship during onboarding

Curriculum & Learning Content Development Specialist | Transparent Language & U.S. SOCOM (USSOCOM) | United States of America (Remote) | April 2022 - June 2022

- Developed 50+ course assets for a specialized defense language program, applying ADDIE/SAM and Bloom's Taxonomy to ensure materials were structured, delivery-ready, and increased learner engagement by 30%
- Collaborated with U.S.-based SMEs to validate content accuracy and align curriculum with learning objectives, independently managing end-to-end content development across concurrent projects

Senior Education Program Consultant | Ministry of Education, Culture, Research & Technology | Jakarta, Indonesia (Hybrid) | June 2021 - February 2022

- Designed and implemented national training frameworks for 1,000+ educators deployed across 20+ provinces, contributing to Training Needs Analysis (TNA) to ensure evidence-based curriculum grounded in real educator needs
- Led end-to-end curriculum development - syllabi design, course learning outcomes (CLOs), and curricular mapping - in collaboration with technical SMEs and government stakeholders
- Applied Kirkpatrick's Four-Level Evaluation Model to assess training impact and managed cross-sector stakeholder engagement to secure institutional buy-in for national-scale program delivery

Lead Monitoring & Evaluation (M&E) Specialist | TVET Project Management Office (PMO) | IPB University & Ministry of Education | Indonesia | May 2019 - December 2021

- Designed 3 annual Logical Frameworks and developed research instruments to monitor 85+ activities across 4 pillars - Institutional Strengthening, Curriculum Development, Teacher Capacity Building, and Infrastructure - for a 3-year bilateral Indonesia-Netherlands TVET pilot program
- Conducted impact analysis applying Theory of Change, advancing national curriculum development, and contributing to the program goal of 65% graduate employment in agriculture-related industries
- Designed, administered, and analyzed M&E surveys across 693+ respondents, achieving satisfaction scores of 4.9/5.0 for Module Digitalization and 4.8/5.0 for Competency Training
- Monitored ISO 9001:2015 QMS compliance and competency assessor performance, achieving 88% certification rate (56/63 candidates), while tracking budget allocation ensuring 79% of funds directed toward teacher capacity building
- Facilitated PMO consultations with 15+ Indonesian and Dutch government stakeholders and synthesized M&E findings to support scaling the TVET model from 2 pilot schools to 60 vocational schools nationwide

English Language Coach & IELTS/TOEFL Tutor | Private Courses & University | Indonesia | 2014 - 2019

- Delivered IELTS and TOEFL preparation to 100+ adult learners and university students, improving average band scores by 0.5-1.0 through individualized coaching and diagnostic assessments across all four skills
- Mentored 20+ undergraduate English department students, improving academic language proficiency and course completion rates; designed ESP materials for diverse professional learner groups

English Teacher - EFL | Cambridge | Pearson | Private Institutions & Public Schools | Indonesia | 2012 - 2017

- Delivered EFL instruction to 500+ primary, secondary, and high school learners across 3+ institutions, designing Pearson and Cambridge-aligned curricula that achieved a 70% increase in English summative assessment scores

- Prepared high school learners for ITP TOEFL certification; the majority secured admission to top universities upon passing

Founder & Community Development Lead | Tim Brebes Mengabdi (TBM) - Non-Governmental Organization | Brebes, Indonesia | 2014 - 2020

- Founded a community-based NGO serving 250+ households across 3 isolated & underserved villages, designing programs spanning early childhood education, women's empowerment, youth leadership, and economic development
- Established PAUD AZ-ZAHRA early childhood education center enrolling 100+ children from 3 isolated and underserved villages, training 9 local women as volunteer teachers to ensure program sustainability
- Advocated for government infrastructure investment through direct community dialogue with the Brebes Regent, securing a committed bridge construction budget in 2016; transferred full operational leadership to local volunteers by 2020

EDUCATION

Master of Education (M.Ed.) - Curriculum and Instruction | 2017 - 2019

The Pennsylvania State University | United States of America

Bachelor of Science (B.S.) - English Teaching and Education | 2009 - 2014

State Islamic University of Syarif Hidayatullah Jakarta | Indonesia

CERTIFICATIONS & PROFESSIONAL DEVELOPMENT

- Certified Training Professional (CTP) - The KPI Institute (2025)
- Graduate Student Online Teaching Certificate - The Pennsylvania State University (2019)
- CITI Research Ethics Certification - The Pennsylvania State University (2017)
- Personal Tutor Excellence Training - Pearson Test Jakarta (2015)

KEY PROJECTS

National Teacher Training Program - Balai Besar Guru Penggerak | Program Designer

- Architected national teacher training programs across 10+ provinces, reaching 1,000+ educators using Miro, Logical Framework, and Kirkpatrick's Four-Level Evaluation Model

Indonesia-Netherlands TVET Bilateral Pilot Program | Lead M&E Specialist

- Designed 3-year Logical Framework and monitored 85+ activities across 2 pilot schools; findings supported scaling to 60 vocational schools nationally

PAUD AZ-ZAHRA Community-Based Early Childhood Education Center | Founder & Executive Lead

- Self-funded and scaled a community school in an isolated rural community, graduating 100+ students and building a sustainable volunteer-led teaching model

AWARDS & RECOGNITIONS

- Fulbright Scholarship Awardee - U.S. Department of State (2016)
- LPDP Scholarship Awardee - Indonesian Government (2016)
- Research Grant Recipient - American Educational Research Association (AERA) (2019)
- Children's Rights Activist of the Year - Local Government Awards, Brebes, Indonesia (2016)

VOLUNTEERING & COMMUNITY LEADERSHIP

- IELTS Mentor - Yuh Sinau!: Mentored 50+ professionals, improving IELTS scores by 0.5-1.0 band (2017)
- English Trainer - Sekolah Guru Indonesia: Coached 60+ teachers to strengthen bilingual teaching standards (2017)
- Guest Speaker - International Women's Conference: Addressed 200+ stakeholders on sustainable school models for disadvantaged communities (2015)
- Scholarship Mentor - UIN Jakarta: Guided 100+ university students on scholarship strategy and applications (2015)
